# August 2017

## Family Friday Night

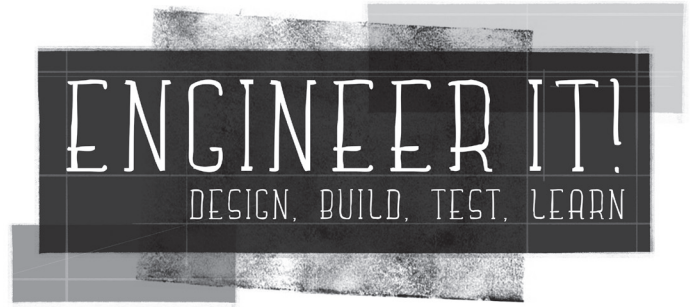

**Friday, August 18, 4-8 pm**

Enjoy the Museum, outdoor parks, and *Engineer It* exhibit for only \$3/person. Kaleideum members and kids 2 and under are free! (Outdoor parks close at 6 pm.)

## Solar Eclipse Party

**Monday, August 21, 11 am-4 pm**

Celebrate this once-in-a-lifetime event with Kaleideum! The party will feature science demonstrations, crafts, special planetarium shows, and professional telescopes for safe sun-viewing. Bring your own cereal box to make a solar eclipse viewer to take home! All activities are included with Museum admission and free for members. A food truck will be available for lunch purchases. First 100 attendees for the 11 am planetarium show will receive a free pair of solar eclipse viewing glasses! (Glasses are currently on sale in the SciShop and will be available for purchase at the event, while supplies last.) The eclipse begins at 1:12 pm with peak coverage (approximately 95 percent of the sun) at 2:41-2:43 pm. This is a rain or shine event. If the weather's bad, we'll watch a live feed from NASA!

**Now through August 26**

Explore the Design-Build-Test cycle through hands-on experiments. Discover DaVinci's interlocking bridge, experiment with the Marble Run Station, build with Giant Blue Blocks, and more!

## DESIGN ZONE

**Opening September 2**

What does it take to create a video game, line up rhythms like the best DJs, or design a roller coaster that produces the biggest thrills? In *DESIGN ZONE*, go behind the scenes and see how creative problem solvers use math to do amazing things. *DESIGN ZONE* explores mathematical concepts like patterns, variables, scale, slope, and ratios used by artists, architects, engineers, musicians, and other innovators.

*DESIGN ZONE* was produced and is toured by the Oregon Museum of Science and Industry. This exhibit was made possible by a National Science Foundation (NSF) grant.

**WEEKEND  
PLANETARIUM SHOWS**

Saturdays beginning at 11 am  
and Sundays beginning at 2 pm

Visit [www.kaleideum.org](http://www.kaleideum.org) for shows and times.
